Experience

Freelance / Studio Identity (continuous)

Freelance Designer, Design Lead

Independent, [Never Before Seen Studio](#) · Jan 2016 - present · Freelance / Studio

Independent product design work across startups, founders, and small teams. AI-native systems, Skills framework, agent UX, rapid prototyping. Design systems, UAM 2.0, ShadCN-based UI kit, Claude Code, agent workflows, custom UX workflows. Leading design for Never Before Seen studio.

Selected clients: Frequency (Berachain), ObviousAI, Graceview.ai, JazzX AI, Obvious.ai, Artscapy, TravelNest, CurbCutOS, Reasonal, Kerubin, AI.ta Cucina, Notion consulting for teams, early Apple Academy collaborations, and various early-stage startups.

Full-Time Roles

Founding Product Designer - AI and Crypto Agents

[Theoriq](#) · July 2024 - July 2025 · Toronto, Canada

From a PDF to 140.000 active users leading product, brand and marketing.

- Designed end-to-end experiences from marketing to core product across AI interfaces.
- Designed and implemented in Storybook a scalable design system that reduced friction across teams.
- Partnered with leadership to prototype, design, and ship intuitive AI-powered user interfaces.

Product Design Lead - SaaS Accessibility

[CurbCutOS](#) · April 2023 - November 2024

Led product design transformation at CurbcutOS from consulting to SaaS platform, establishing design system and accessibility testing suite adopted by major corporations.

Senior Product Design and Lead - Crypto

[Early Crypto Stealth Startup](#) (Steel Perlot backed) · May 2022 - April 2023

- Led small design team from zero and established component library for rapid iteration
- Shaped user experience for emerging financial tools in the crypto space
- Extended work into DeFi platforms, making complex financial tools accessible

Founding Designer

[Artscapy](#) · 2020-2021 · London, UK

Led brand and product design, building the MVP and design system that secured £300K funding.

Core Contract Roles (embedded with product teams)

Senior Product Designer - Developer Tools

[Coinbase Developer Platform](#) · Summer 2015 · Contract Senior Product Designer

SQL Playground, Embedded Wallets, onboarding flows, pay with USDC.

Raffaele (Raf) Vitale

Education

Graduated with honors
ILAS Designers School - 2018

Software Engineer (discontinued)
University in Naples, Italy - 2019

Experience

Senior Product Designer - AI Agents

[Voiceflow](#) · Q1-Q2 2025

Worked directly with Braden (CEO) focused on AI activation, onboarding, product growth, landing page.

Senior Product Designer, Design System - Marketplace

[Zalando SE \(now Partner\)](#) · 2021-2022 · Remote

- Built first B2B design system improving development efficiency by 40%
- Created documentation and component strategy for cross-team adoption
- Led open design sessions supporting multiple business verticals

Senior Product Designer

[TravelNest](#) · 2021 · Remote

Led cross-platform design system and design direction across product, marketing, and engineering, reducing development time and accelerating implementation through a design maturity framework.

UX/UI Design Intern

[Apple Developer Academy](#) · 2019 · Naples, Italy

Learned precision, systemic design, and Apple's high standards for clarity and craft.
